[KANETEC](#)

Why [Kanetec](#)? If you think all magnetic tools are created equal, think again! Above and beyond manufacturing the best known magnetics in the world, Kanetec now offers so much more! Kanetec has been at the forefront of magnetic tools and equipment since 1959. Kanetec is synonymous with quality and accuracy worldwide. They provide the best in Magnetic Bases, Tools, and Chuck lines with the latest technology and electronic controls. They have earned the reputation of being the leader in magnetic tooling for just one reason - their innovative approach to real world problem solving. From small magnetic dial indicator stands to gigantic magnetic chucks, Kanetec's research and production teams have always delivered the right magnetics for each application.

[ICS \(Integrated Control Solutions\)](#) is proud to be your source for Kanetec magnetic products!

Inventory Overstock Clearance!!

Over the years Integrated Control Solutions (ICS) has kept many

commonly requested items on site at its US location in order to be able to quickly respond to client's needs. Over time this has resulted in an accumulation of new items in excess of what is needed to be kept on hand. Many of these items are in their original packaging while some were "binned" so we could easily pick and send out the exact quantities that our clients requested. All of these items are new. We have significantly lowered the prices on all of these items in order to reduce the on shelf inventory. These prices are for "in stock" items only. These will be distributed on a first requested first served basis until the stock is depleted so act quickly! Once the in stock items run out these prices will be gone but we will still be able to provide them on request at our regular low pricing!
