[Featured supplier](#) [METROL](#)

METROL has been recognized as the specialists in manufacturing Tool Setters & Precision Positioning Switches since 1976.

METROL developed "precision mechanical sensors", while most industrial sensors were electrical. METROL's ultra-precision switches can work with high accuracy even under harsh working conditions where coolant and cutting chips splatter. METROL also owns more than 50 patents both inside and outside Japan.

In the machine tool industry, METROL tool setters are widely used by more than 70 machine tool builders in 17 countries. METROL is dedicated to contributing to manufacturers bottom lines by helping to improve machine accuracy and reduce costs. METROL's products have long been used in the automobile industry and machine tool industry and are also used by leading companies in the semiconductor, robot, medical equipment and smartphone industries.

[ICS \(Integrated Control Solutions\)](#) is proud to be your authorized distributor for METROL products! Request a quote today and compare our prices!
