WBENC CERTIFICATION ANNOUNCEMENT

Scituate, MA - Integrated Control Solutions Inc., Specializing in MRO parts for Japanese, Korean, and Chinese original equipment. We focus on Machine Tools, Manufacturing Machinery and other Factory Automation components: valves, sensors, motors, relays, etc. We have received national certification as a Women's Business Enterprise by the Center for Women & Enterprise, a regional certifying partner of the Women's Business Enterprise National Council (WBENC).

WBENC's national standard of certification implemented by the Center for Women & Enterprise is a meticulous process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women.

By including women-owned businesses among their vendors, corporations, and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs.

To learn more about Integrated Control Solutions , please visit www.icsonline.net

About Integrated Control Solutions Inc. Founded in 1990 as an Engineering Integration Company, Integrated Control Solutions has grown to become a trusted supplier to many Fortune 500 companies. Takata, Motion Industries, Honda, Sumitomo, and BDI have turned to us for their MRO sourcing needs just to name a few. Contact us for a copy of the certificate.

About WBENC. The Women's Business Enterprise National Council is the nation's largest third party certifier of businesses owned and operated by women in the United States. WBENC is a resource for the more than 700 US companies and government agencies that rely on WBENC's certification as an integral part of their supplier diversity programs.

Inventory Overstock Clearance Sale!!

Over the years Integrated Control Solutions (ICS) has kept many commonly requested items on site at its US location in order to be able to quickly respond to client's needs. Over time this has resulted in an accumulation of new items in excess of what is needed to be kept on hand. Many of these items are in their original packaging while some were "binned" so we could easily pick and send out the exact quantities that our clients requested. All of these items are new. We have significantly lowered the prices on all of these items in order to reduce the on shelf inventory. These prices are for "in stock" items only. These will be distributed on a first requested first served basis until the stock is depleted so act quickly! Once the in stock items run out these prices will

be gone but we will still be able to provide them on request at our regular low pricing!
